Avoid getting pesticides on your skin or in your body. Pesticides can be in many places. They can be on plants, in plants, in soil, and in irrigation water. Pesticides can drift in the air from nearby applications. They can also be on tractors and other equipment. Pesticides can also be found on used goggles, gloves, boots, and other personal protective equipment.

Liklikan a maikkan dagiti kudilmo wenco ti bagim kadagiti pestisidyo. Dagiti pestisidyo ket mabalin nga addada kadagiti naduma-duma a lugar. Mabalin nga addada kadagiti rabaw ti mula, uneg ti mula, iti daga, ken iti danum ti irigasyon. Dagiti pestidyo ket mabalin nga addada iti angin manipud kadagiti asideg a nakaiyaplikaran ti pestisidyo. Mabalin nga addada kadagiti ayan ti traktora ken dadduma pay nga aparato. Dagiti pestisidyo ket mabalin a masarakan kadagiti ayan ti nausar nga anteparra, gloves, butas, ken dadduma a personal a pangprotekta nga aparato.

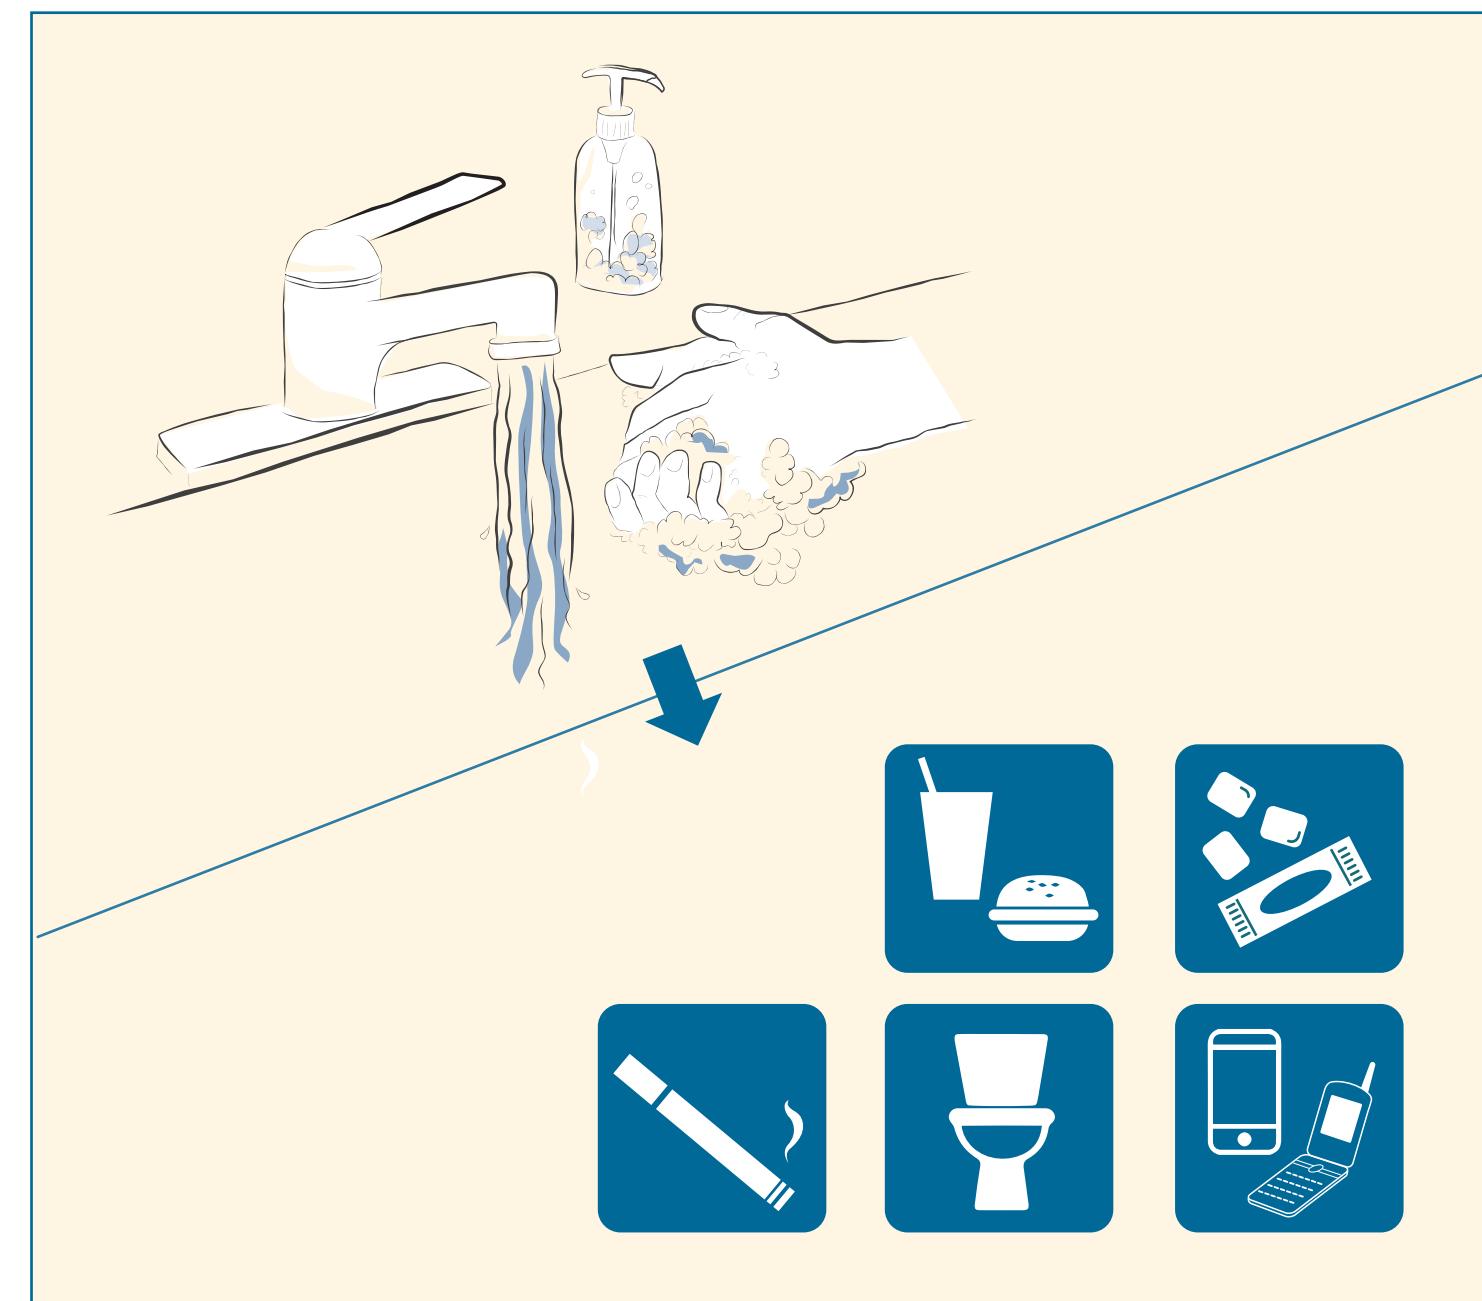

Protect your body from pesticide residue. Wear long-sleeved shirts and long pants when working. Also, wear shoes, socks, and a hat or scarf.

Protektaram ti bagim manipud kadagiti tidda ti pestisidyo. Agusar kadagiti atiddog ti imana a kamisa ken pantalon no agtrabrabahoka. Kasta pay nga, isuot dagiti sapatos, medyas, ken kallugong wenco scarf.

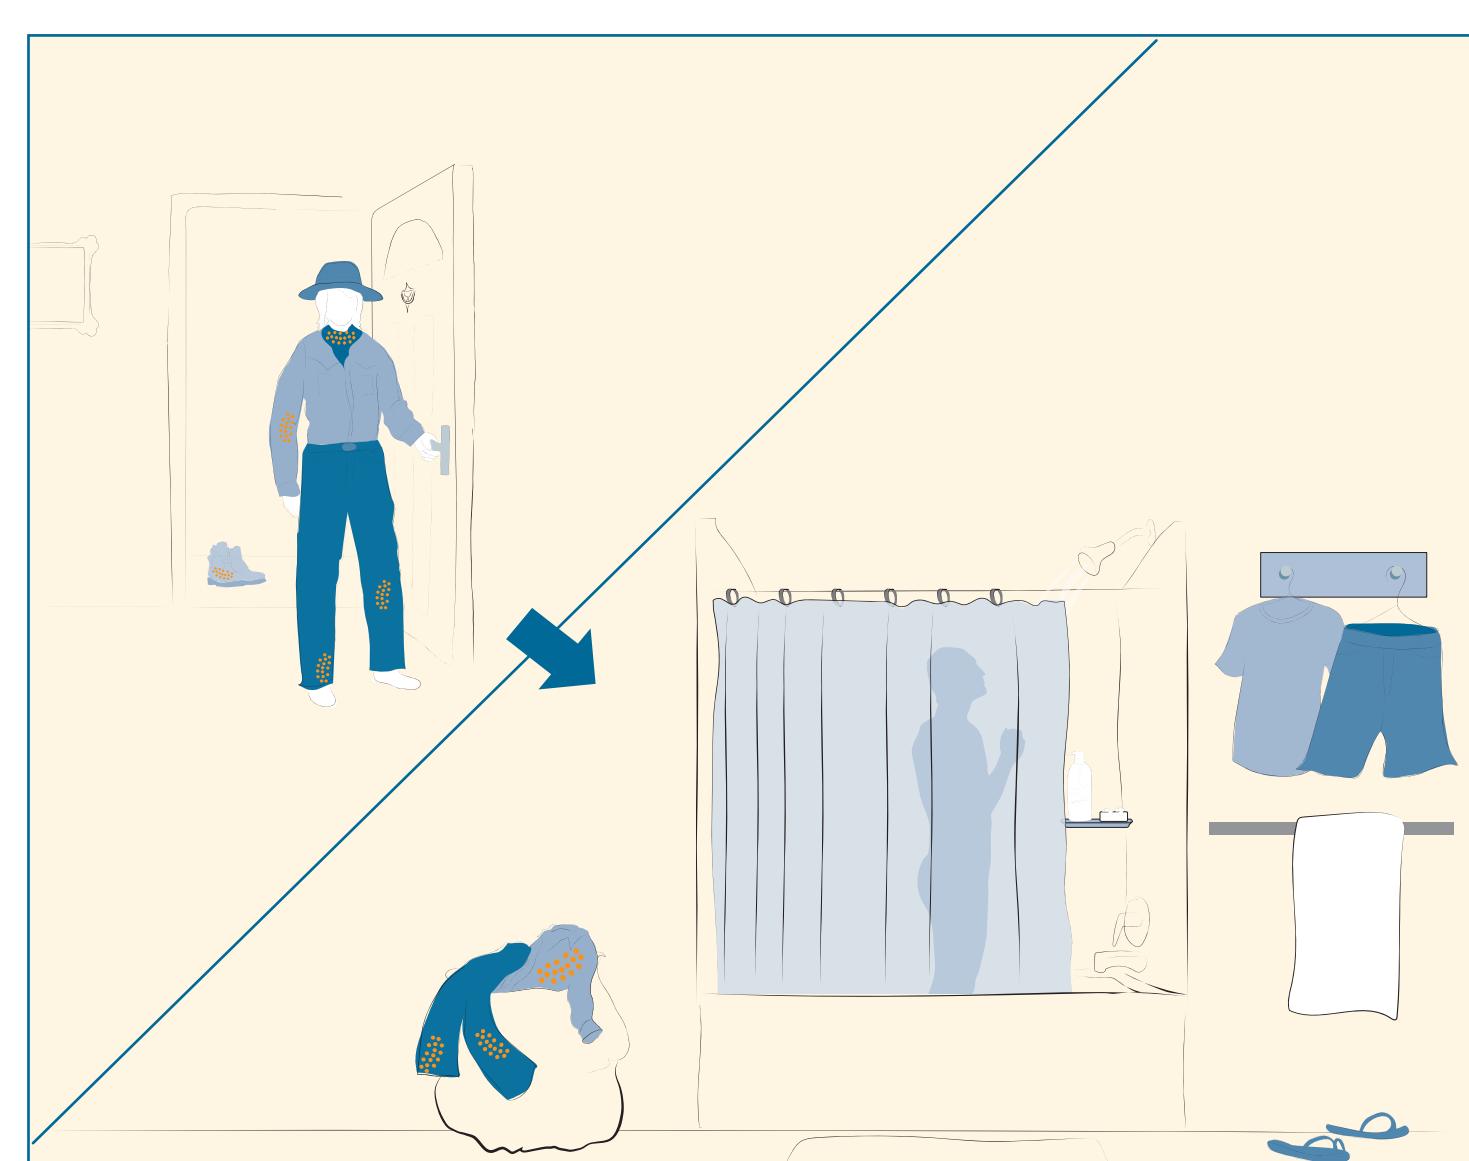

Stay out of treated areas when told, and whenever you see signs like this displayed. When you see a pesticide application taking place, stay back. Applicators must suspend their work if you get too close.

No inbagada a ti lugar ket naisprayan, liklikan daytoy, ken tunggal makitam dagiti senyal kas iti daytoy a nakapaskil. No makitam a madama ti panagiayplikarda ti pestisidyo, dika umasideg. Dagiti tao a agis-spray ket masapul nga isardengda ti trabahoda no umasidegka unay.

Wash your hands before you eat, drink, or chew gum. Also, wash before smoking, using the toilet, or using your phone.

Ugasan dagiti imam sakbay a mangan, uminom, wenco agngalngal ti gum. Kasta pay nga, agugas sakbay nga agsigariliyo, agusar ti kasiliyas, wenco agusar ti telepono.

Wash your body and hair with soap or shampoo right after work; then put on clean clothes.

Ugasam a dagus ti bagim ken buok usar ti sabon wenco shampoo kalpasan ti trabaho; sakanto isuot ti nadalus a bado.

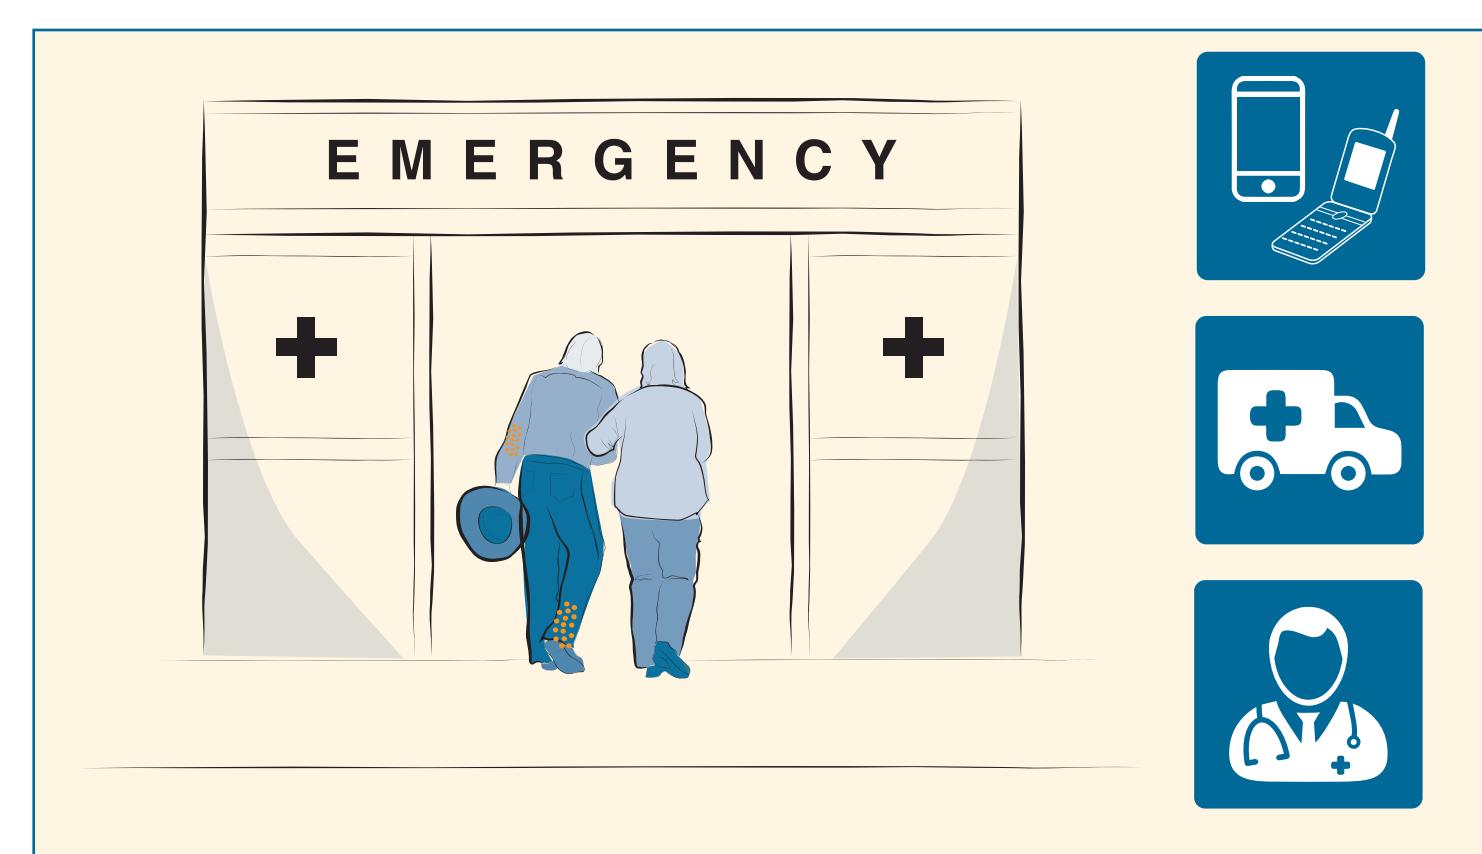

When pesticides are spilled or sprayed on your body, wash immediately. Water, soap, and towels must be provided nearby. Use the nearest clean water, including springs, streams, and lakes, if they are closer to you. After that, wash your body and hair with soap or shampoo as soon as possible. Put on clean clothes.

No ti bagim ket naparsiakan wenco naisprayan kadagiti pesticide, agugas a dagdagus. Dagiti danum, sabon, ken tuwalya ket masapul a nakasagana iti asideg a lugar. Agusar iti kaasitgan a nadalus a danum, kairamanan dagiti ubbog, waig, ken ban-aw, no dagitoy ket as-asidegda kenka. Kalpasan dayta, ugasam ti bagim ken buokmo usar ti sabon ken shampoo iti kabiitan a panawen. Agbado iti nadalus.

Wash your work clothes before wearing them again. Wash them separately from other clothes.

Labaan deta para ubram nga badom samoman usaren manen. Labaan a nakasina dagitoy manipud kadagiti dadduma a bado.

Get medical help as soon as possible if you think pesticides caused an injury or illness.

Mangala a dagus ti medikal a tulong no ti panagkunam ket nagparnuay ti pannakadunor wenco sakit dagiti pestisidyo.
